In re Reissue application of: U.S. Patent No. 6,010,174

Issued: January 4, 2000

Inventors: Jay A. Murdock et al.

Original Patent Application Filing Date: April 14, 1997

For: SLIDING VISOR

Attorney Docket No.: LEAR 0960 R

**REISSUE APPLICATION DECLARATION AND
POWER OF ATTORNEY BY NAMED INVENTORS**

Commissioner for Patents
U.S. Patent and Trademark Office
Washington, D.C. 20231

Sir:

As a named inventor of U.S. Patent No. 6,010,174 issued January 4, 2000, whose current residence, post-office address and citizenship is stated below, I hereby declare that:

I believe I am an original inventor of the subject matter which is described and claimed in Letters Patent No. 6,010,174 ("the original patent"), and for which a reissue patent is sought on the invention entitled "SLIDING VISOR," the specification of which is attached hereto.

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by a separately enclosed preliminary amendment. I acknowledge the duty to disclose information which is material to patentability as defined in Title 37, Code of Federal Regulations, § 1.56.

I further verily believe the original patent to be wholly or partly inoperative or invalid, by reason of our claiming less than we had the right to claim in the patent, the

insufficiency in the claims being characterized by failure to appreciate that claims directed to a sliding sun visor having two pivotal attachments with at least one in sliding engagement with a rod defines one aspect of our invention without any need to include narrowing limitations directed towards the track or guide structures as set forth in all independent claims issuing in the original patent. This insufficiency arose through error, in that we did not fully appreciate the scope of our invention vis-à-vis the prior art. Accordingly, we are filing a broadening reissue application.

The errors described above, and all others being corrected in this reissue application, arose without any deceptive intention on the part of the applicants.

I hereby appoint the following attorney(s) and/or agent(s) to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith:
